Content Instructions	Remove workshops and seminars from sub-navigation Below is a sample instruction. Please replace with your own instructions, or enter N/A Please follow formatting as closely as possible to the below.
Page Content	<p>It is all about you!</p> <p>There is so much to know about eMarketing, websites, interactivity and social networking. It can be easy to reach information overload. So Design Experts breaks these valuable business tools down into easily-understandable segments. Most importantly, we demonstrate how they relate and what they can do for <i>your</i> business.</p> <p>Design Experts can create a customised presentation to fit your particular staff and marketing strategy. This will be tailored to your brand, services and products – and also your business aspirations.</p>
Call To Action	Learn how to perfectly position your business in the online playing field. To book a customised presentation for your business, contact Design Experts.
